24 Hour Cancellation & "No-Show" Fee Policy

It has been proven that consistent treatment attendance provides the greatest opportunity for faster improvement & recovery. Each time a Patient misses an appointment without providing proper notice, another Patient is prevented from receiving timely care in that appointment slot. Therefore, PRIME Therapy & Pain Center reserves the right to charge a fee of $50 for all missed appointments (No-Shows) which lack a compelling reason and are not cancelled with a 24-hour advance notice.

"No-Show" fees will be billed to the Patient. This fee is not covered by Insurance and must be paid prior to your next appointment. Multiple "No-Shows" in any 12 month period may result in termination from our practice.

We do understand that emergencies arise and that it may not be possible to give such a notice. Exceptions to the No-Shows/Late Cancellations policy will be determined by the Director of Rehabilitation.

Thank you for your understanding and cooperation as we strive to best serve the needs of all of our Patients.

PRIME Therapy & Pain Center reserves the right to modify the 24 hour advance cancellation notice and amount of No-Show/Late Cancellation charge, as deemed necessary.

Medical Necessity

All treatments must be justified and medically necessary in order for us to treat and bill your insurance. Some of the factors that determine whether or not treatment is medically necessary are:

1) Does your condition interfere with the quality of your life?
2) Does your condition interfere with your ability to perform work or daily activities?
3) Are you motivated and able to participate in your treatment program and follow home and self-care instruction?
4) Is there potential for your condition to improve and/or resolve? If not, is there potential for your function or ability to perform daily activities to improve through modified movement, assistive devices, etc.?
5) Are there specific goals set that are measureable and track-able?

If the above criteria are not met, you are welcome to participate in our elective services such as 830laser, massage, myofascial treatments, fitness/exercise training, Pulsetron, Posture Program, etc. payable out-of-pocket by cash, check or credit card.

Results

The purpose of physical/occupational therapy is to maximize your body's own healing potential through natural means and promote your ability to perform daily, work, and leisure and sports activities through increased strength, flexibility, agility, and movement strategies. It is not possible to predict the results or outcomes of treatment. Sometimes benefits are realized immediately and sometimes it's more gradual over time.

Insurance Patients

It is your responsibility to know your benefit and insurance coverage for physical therapy services, including any maximums or exclusions. You are responsible for all charges whether paid by insurance or not. Any balances that exceed 30 days may incur fees and collection costs.

Medicare Patients

If you do NOT have supplemental insurance, you will be responsible for the twenty percent (20%) co-insurance portion not paid by Medicare as well as any deductible amounts not yet met. It is your responsibility to keep track of therapy cost totals for the purpose of not exceeding the Therapy Cap (unless your diagnosis is exempt from the Cap).

Minors and Parents

If patient is a minor (under 18 years of age), the parent or legal guardian is responsible for all charges and decisions made by the minor. We do not assume any liability for the minor while on premises or not, and it is the responsibility of the parent or guardian to supervise the minor before, during and after treatments.

Informed Consent

By signing below, the patient gives the therapist permission to the evaluation and treatment. It is your right to accept or refuse any treatment offered. There are no guarantees made as to the results that may be obtained from our treatment(s). If you have any questions about your care, be sure to ask the therapist.

It is up to patient/caretaker to inform the therapist/staff about any health problems or allergies patient may have. Patient/caretaker must also tell the therapist/staff about drugs or medications being taken as well as any medical conditions and/or surgeries. Please discuss any questions or problems with the therapist before signing this statement of understanding and consent for care.

Patient Declaration

The therapist has explained to me the type of treatments ideal for my condition and the benefits of therapy, along with the risk of NOT receiving treatment. I have been given an opportunity to ask questions, and all my questions have been answered to my satisfaction. I confirm that I have read and fully understand this consent and policies form.

Informed Consent for
Focus Shockwave Wave Therapy

Focus Shockwave therapy (F-SW), also known as extracorporeal shockwave therapy (ESWT), is a procedure regarded as one of the most cost effective and safest of conservative management approaches to musculoskeletal disorders such as plantar fasciitis. Our device is FDA approved for treatment of such conditions, although we are not limited by the FDA.

There are minimal known side effects of F-SW. It is recommended, however, that this form of treatment not be used over and around the uterus during pregnancy; where there is active ongoing hemorrhaging/bleeding tendencies; when there is any indication or diagnosis of blood clots; over and around the thyroid gland; cancer (tumors or cancerous areas); over the cardiac region and large nerves, directly over spinal column or head; where analgesia/pain relief may mask progressive pathology; over an area of an electromagnetic implanted device; in a patient taking medication that may thin the blood (eg Warafin); over open wounds, skin irritation or swollen areas; over the growth plates in children.

I hereby consent to the performance of Focus Shockwave Therapy on me by PRIME Therapy & Pain Center. I have read or have had read to me the above consent. I have also had an opportunity to ask questions about its content and by signing below, I agree to the procedures. I understand that there are no guarantees with any type of treatment as it is dependent upon each individual's ability to heal.

I intend this consent form to cover the entire course of care for my present condition(s) and for any future conditions(s) for which I seek care. I am financially responsible for all services.

lightforce®
therapy lasers

Informed Consent

Laser therapy is a safe, non-invasive, FDA cleared modality for the treatment of pain and the temporary increase of microcirculation. LightForce therapeutic lasers emit infrared light energy into tissue to provide topical heating for the purpose of elevating tissue temperature for temporary relief of minor muscle and joint pain, muscle spasm, pain and stiffness associated with arthritis and promoting relaxation of the muscle tissue and to temporarily increase local blood circulation. Laser therapy utilizes visible and invisible laser radiation; therefore, appropriate eye protection is required at all times during treatment.

Effects of your treatment will continue for up to 18 hours. Individuals respond uniquely to treatment. You may see immediate results after the first treatment, or depending on the severity of your condition, you may require several treatments before beginning to feel results.

Increased soreness may occur after your first laser session. This may be due to changes in circulation to the involved tissues and/ or the impact on different sensory nerves. This is a normal phenomena in the healing process.

You are required to complete the Patient Intake Form prior to treatment to ensure that laser therapy is a viable option for you.

☐ I understand the above and consent to treatment.
☐ I understand that failing to complete any part of my treatment program will reduce my chances of success.
